### Pressing Forward!

Nothing that God leads us to do can be done in the strength of human ability. It requires yielding oneself to the Holy Spirit of God who directs our steps and then brings it to pass through our obedience and His miraculous power.

All of the BTC groups are now in session and we are pressing forward for more. The Spirit is speaking expressly that the time is now! There are at present 205 disciples at 6 different locations in Honduras, including those in Talanga pictured below, studying systematically, preparing to go and preach and teach the Word of God. Please pray for these brothers and sisters to receive revelation and illumination in the Word, to grow strong spiritually and in understanding of what the will of the Lord is, to be ready to confront the darkness of this age.

He has also opened a door to carry forth the Word of God to hungry hearts in the central part of Honduras, in the city of Santa Barbara. The groundwork is now being laid with the churches of the area to begin a BTC there in late June. One of the main churches is already onboard and excited to train their leadership to go on and do greater things in the Kingdom. Continue to pray for the stirring of hearts in all the churches in this region so the Word will be carried forth to all, and disciples will be multiplied.

### Stirring it Up!

In April, Brother Gary and Sister Katrina were invited to minister the Word at Iglesia Hermon in Santa Barbara, a small rural town in the western part of the country. During the morning hours of the seminar, leadership principles were taught; at night, they ministered to the church through the power of the gifts. The Lord spoke clearly to His people of His desires and plans for the future in this region of central Honduras. And when the call was given to pray for the sick, almost the entire congregation of 350+ people came to the front! How refreshing it was to minister to the group without feeling that they wanted to “get going” because it was late, or because they had other things to do. They were all hungry and they were all filled.

### **Prison Graduation!**

Fruit for Jesus continues to be produced as another group of disciples has graduated from the BTC in the Central Penitentiary.

*BTC Graduates in the Central Penitentiary*

On Saturday, the first of May, five brothers graduated from first year and four from second year. We're praising the Lord for more faithful men to go forth and carry the gospel of Jesus Christ.

### **Visitors from the North**

We had the great privilege of having Kevin and Kathryn Smith and daughter Victoria visit in April. They came to see and set their hand to help in the work and to scout out how they could be a support in promoting the ministry. It was a quick weekend as they were involved with different aspects of the ministry for two full days. Brother Kevin taught and shared in the BTC and church in Tegucigalpa and Kathryn and Kevin both shared in the Talanga BTC.
